Halloween Festival

1. Introduction

The Halloween Festival, celebrated annually on the eve of October 31st, is a captivating and popular event in various parts of the world. In this report, we will explore the history and unique characteristics of the Halloween Festival, the ways in which it is celebrated, and its significance in both national and global cultures.

2. History of the Halloween Festival

The Halloween Festival has its origins in the early 9th century on the island of Oland in Ireland. It was originally known as "Hallowe'en," meaning "the night before All Hallows' Day" or the night before All Saints' Day in Christian tradition. This choice of date was due to the fact that the Irish once counted time according to the ancient Celtic calendar and celebrated the new year on the eve of the Christian new year, which corresponds to November 1st in the Gregorian calendar or October 31st in the old Celtic calendar.
